

REGULATIONS OF  
UNIVERSITY OF FLORIDA

6C1-4.014 Student Conduct Code and Student Honor Code; Pending Degrees.

(1) The University has established a Student Conduct Code and Student Honor Code which define offenses, establish adjudicatory procedures, and prescribe penalties for violations. Provisions of the Codes are contained in 6C1-4.013 through 6C1-4.026, F.A.C. Alleged violations of campus traffic rules by students are handled by a Student Traffic Court, as provided in 6C1-3.015, F.A.C.

(2) In accordance with the conditions set forth below, no degree will be conferred upon a student against whom charges have been filed involving an alleged violation of either the Student Honor Code or Student Conduct Code, provided the student has received notice of either: charges, hearing or penalty(ies) to be imposed. When penalty(ies) has not yet been imposed for such alleged violation, and where in light of all the circumstances and available evidence, the Director of Student Judicial Affairs is of the opinion that a penalty for such alleged violation would likely be imposed, no degree will be conferred upon such student until such time as:

- (a) the action is resolved; and
- (b) all degree requirements are fulfilled. In the event penalty(ies) has already been imposed, no degree will be conferred upon such student until such time as the terms of any penalty(ies) are met, and all degree requirements have been fulfilled.

Authority: BOG Resolution dated January 7, 2003.
